

# AI TRANSLATION AND DIGITAL SIGNAGE

---

# Does AI fit into Church?

# Where does AI fit into Church?

**“It must enhance rather than replace human capability”**

# Caption Kit

Meet CaptionKit, the platform for accessible services with multilingual and hard-of-hearing congregations.

# Translation Service

Is English your second language? Would you benefit from translation into your own language? Speak to a steward at the door.

آیا زبان انگلیسی زبان دوم شماست؟ آیا ترجمه به زبان خودتان برای شما مفید خواهد بود؟ با یک مهماندار در محل صحبت کنید.

Англійська ваша друга мова? Чи був би вам корисний переклад вашою рідною мовою? Поговоріть зі стюардом біля входу.

# Translation Services

We are pleased to be able to offer translation into several languages as text straight to your mobile phone.

Please let the steward at the door know what language you need translation for.

You can access the system by scanning the code below, and selecting your language.

Works on any device

iPhone app - listen along  
with headphones too

## **Please note:**

This will only work for the spoken parts of our service today, it will not work well during the musical worship.

If you are late to the service that it may not be possible to activate the translation service.

# Digital Signage

At its most basic, digital signage refers to an electronic display platform that showcases programmed content or information.
